Trailcub

SPINDEX5 DRIFT BIKE

The Bighorn Trailcub Spindex5 Electric Drift Bike combines retro styling and playful colors for children ages 6-12. Easy to operate and built with eco-friendly materials, it features standard nylon tires for sliding, drifting, and spinning fun. An optional rubber tire kit provides increased traction and control.

KEY FEATURES

Built for Safety: High-strength frame resists impacts and keeps kids protected.

Spin and Smile: Stable design delivers fast, safe spins for nonstop fun.

Simple Controls: One-touch switch makes riding effortless.

Grows with Kids: Adjustable seat and wheelbase for comfort.

Optional Rubber Tire Kit: Adds traction and control for riders who want less drift. Sold separately.

Replaceable Tires: Nylon and rubber tires are wear items. Replacement tires and tire kits are available through the Bighorn Parts Department.
